### Milverton States County's Position

Deputy County Attorney Milverton this morning gave the Bulletin a complete statement of the City and County's position in regard to the street excavation ordinance, and the strike it has caused in business circles, principally arousing criticism by the Mutual Telephone people. He said: "In 1901 the Mutual Telephone Company made an agreement with the Territory by which the company placed all of the fire and police wires on its poles. It is understood this agreement was based on certain privileges of the streets. This arrangement has been in effect since that date up to the present time.

### P.O. OFFICIALS ARE POISONED

Post Office Inspector Hare and Transportation Officer Hodson Taken Violently Ill From Drinking Egg Phosphate

As the result of drinking chocolate egg phosphates Thursday evening, U. S. Postoffice Inspector Frank Hare and Albert H. Hodson, clerk in the railway postal service, contracted bad cases of ptomaine poisoning, from which they have been suffering acutely ever since. The officials entered a downtown store shortly after leaving their respective offices, and called for the phosphates. After drinking them, Mr. Hare took a car for home. After reaching the house, he began to feel queer about the chest and stomach. He passed a miserable night, and Friday afternoon he was taken suddenly ill and had to go home in a carriage. He suffered intense pain all that night and was deathly sick at his stomach. While he was able to be in his office today, he is wan from the effects of the experience, and scarcely able to go about.

Maui County Attorney Will Form Partnership With E. A. Douthitt—Keipokai Candidate For The Place Is Report

County Attorney James Coke of Maui has decided to resign from his official position, and his resignation as county attorney will be formally handed to the Board of Supervisors at its meeting Wednesday. Coke has decided to come to Honolulu and will take up the practice of his profession in partnership with E. A. Douthitt. The Maui Supervisors are vested with the appointive power in selecting a successor to fill the place made vacant by the resignation of Coke, and it is probable that their decision will be made known at the meeting which begins Wednesday and lasts for several days.

### Albert Pulitzer Shot Himself

VIENNA, Austria, Oct. 4.—Albert Pulitzer, formerly a newspaper man of New York, committed suicide here today by taking poison and then shooting himself with a pistol.

### To Confer On Organic Act

Governor Frear has called an important and select conference in his office for 4 o'clock tomorrow afternoon.

Among those invited to be present are the Delegate to Congress, the President of the Senate and members of the House of Representatives, and some officers of the Republican party.

When the Governor was asked concerning this conference, he admitted that such a conference was to be held, and that the purpose was to discuss matters that he expects to take up during his trip to Washington, also that the men invited would be there more in their capacity as citizens than in their official standing.

The Governor did not state whom he had asked, nor what he has specifically asked them for. From other sources it was learned that the amendments to the Organic Act are to be discussed, and there is some surprise that such an important matter should not be brought up in open meeting.

ACCIDENTAL DEATH. The inquest held over the remains of the two victims of the Fort Ruger accident, Manole and Hooka, resulted in a verdict of accidental death. In view of the heroic attempt of the two men to save the cars after they had broken away, the coroner's jury added a string to the effect that they had lost their lives while attempting to save Uncle Sam's property. The verdict states that they "died from injuries received at Fort Ruger while attempting to save property of the United States."

### WON'T PAY OFF THE MAKEE CREW

Hawaiian Sailors Ask Sheriff Jarrett To Collect

Added to the trouble in which the steamer James Makee has lately found itself, her erstwhile crew has now enlisted the services of Sheriff Jarrett to collect their pay.

Panahi Manoha, Kanikawi, Joe Andrews, Thos. Kalama, Sol. Kua, Hapai Joe, Jno. Keahi, John Pua, Jno. Kekaha and several others constitute the crew that Captain Harry Gahan signed on to take the little steamer up to Honolulu from Kukuhaele.

While a little distance out the shaft of the Makee broke and Gahan put in to a Maui port and wireless for assistance. The boat was completely disabled and was towed here by the Mokoli but they allege that Gahan refused to pay them off. They went to Captain Miller, who requested them to retire to warmer climates and Eben Low. Eben Low said the same thing and they appealed to Jarrett. They were to have gotten \$1.50 a day.

Geo. T. Turner this morning was sentenced to pay a fine of \$100 in Police Court for selling liquor without a license.
